SPORTSMEN'S COUNCIL IN PORTERVILLE

Porterville will hold the center of interest for sportsmen of the San Joaquin valley over the coming weekend, as the Sportsmen's Council of Central California is entertained by members of the Southern Tulare County Sportsmen's association.

A dinner for local and visiting sportsmen is set for Saturday evening, 7:00 o'clock, at the Porterville Elks lodge, while breakfast will be served at Gang Sue's Sunday morning, at 9:30 o'clock.

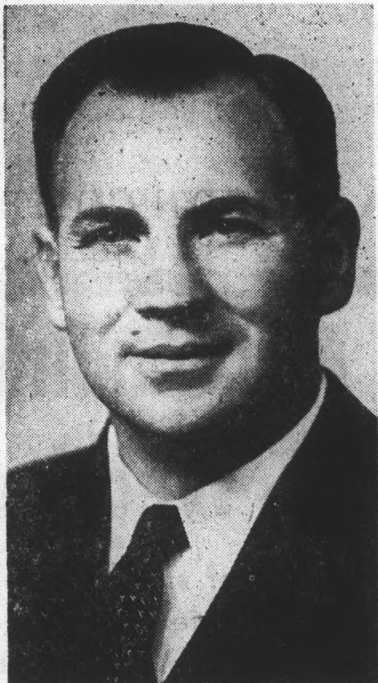

Business of the council will be discussed at both meetings. In general-charge of arrangements is Gene Dinkins, president of the Southern Tulare County Sportsmen's association; head of the valley council is G. W. Philpott, prominent writer, radio commentator and Farm Tribune columnist. Dinner reservations should be made with Mr. Dinkins; no breakfast reservations are necessary.

New business slated for consideration includes charges for cooperative hunting areas; state fish and game budget, drag boats, 1956 hunting regulation recommendations, fish and game commission pheasant policy, flood control dams, and fish and game commission meeting report.

National legislation, wild fires, and work of the California Wildlife federation will be covered in committee reports.

Moore Announces For Reelection

Rodgers L. Moore, of Porterville, chairman of the Tulare County Board of Supervisors, today announced his candidacy for

Rodgers L. Moore

reelection as supervisor from the first district.

Mr. Moore, who is completing his second four-year term on the county board, states that "In assisting to direct the business of Tulare county, I will continue to firmly stand by my convictions and, as in the past, give all county matters my sincere personal attention and interest."

As chairman of the board of supervisors, Mr. Moore carried the recent successful fight against the

CHAMPIONS ARE SET FOR BIG BANQUET

Sports champions of California are set for the second annual Banquet of Champions that will be staged in Porterville March 24, with Gil Stratton, radio and television star, and baseball umpire, as master of ceremonies, and with Rube Samuelson, nationally syndicated sports columnist from Pasadena, presenting awards to professional and amateur sports champions of the state.

Some of the "big name" athletes who plan to attend include: Perry O'Brien, national champion shot and discus man; Norm Van Brocklin, of the Los Angeles Rams and Eddie LeBaron, of the Washington Redskins, two of professional football's greatest quarterbacks.

Jerry Priddy, for 10 years a baseball star in the big leagues and former manager of the Seattle Rainiers of the Pacific Coast league; Mrs. Juno Stover Irwin, national women's lowboard diving champion and a member of the 1948 and 1952 American Olympic teams; Frank Gifford, star of the

(Continued on Page 4)

Women Invited To Attend Beef Cooking School

Women of Tulare county are invited to attend a cooking school that will feature quantity preparation of beef to be held at the Southern California Gas company auditorium in Visalia, next Wednesday at 7:30 p.m.

The event is sponsored by the Tulare County Cow Belles, with Sue Moore, of Porterville, heading the arrangements committee. Working on the committee are: Mary Dennis, of Ducor; Marjorie Shannon, of Tulare; Mercedes Hinkle, Orosi and Alberta Jackson, Visalia.

Mrs. Mabel Harris, dairy industry home economist with the state department of agriculture, will conduct the demonstration. Iris Klein, president of the county Cow Belles, states that the demonstration should be of particular value for school cafeteria cooks, and for women who belong to groups that serve large gatherings of people.

FEATURED AT Porterville's Banquet of Champions March 24 will be Rube Samuelson, top, sports editor of the Pasadena Star News and a nationally syndicated sports columnist who will present awards to California champions, and Gil Stratton, television and radio star, and professional baseball umpire, who will serve as master of ceremonies for the banquet. Both of these sports figures are assisting in arranging to bring amateur and professional California sports champions to Porterville for the second annual Banquet of Champions sponsored by the Porterville quarterback club.

SURPLUS SALE IS ANNOUNCED

Buildings constructed for emergency housing during World War II are now being offered for surplus sale by the Federal Public Housing administration. Full information on purchase and location can be obtained from the office of the Tulare county farm advisor.

HEADING THE 1956 Cancer Crusade in the Porterville area are Bill Bennett, Worth district citrus grower, and Loren Schmid, Porterville businessman, who state that the April drive will have as its slogan, "Fight Cancer With a Checkup and a Check."

OFFICERS OF the Porterville Future Farmer chapter who staged their annual parent's night program last Friday in the Porterville high school cafeteria, in top photo, left to right, include: Ronald Michaelis, vice president; Marvin Weisenberger, sentinel; Merrill Castle, president; Joe France, secretary; Wesley Pennington, treasurer, and Don Shannon, reporter. Center photo shows former Future Farmer chapter members who were awarded State farmer degrees: Glenn Johnson, Jim Baxley, Walter Green, Andy Gravlee, Gerald Burns, Ken Shannon, Mrs. John R. Longley, sitting in for her son Karl, and Paul France. Lower photo shows men who were given honorary FFA membership: W. E. Moench, H. H. Hutchinson, Donald E. Jones and Tom Martinez. (Farm Tribune photos)

CAL POLY GROUP AT FFA DANCE

California Polytechnic Collegians — a 15-piece dance band — will be featured at a Strathmore Future Farmer dance to be held next Wednesday evening, March 21, in the Strathmore high school gymnasium. FFA members are offering tickets to the general public.

The travelling musicians from the agricultural school are rated as one of the top collegiate bands on the coast. Members of the group will present specialty acts, including songs by a quartet, during dance intermissions.

The band's appearance at Strathmore will be the group's only scheduled stop in this part of the valley, during a tour through the state.

Next Thursday, the California Polytechnic glee club will entertain at a special Strathmore high school student assembly. The assembly is for students only.

HARLAN HAGEN, congressman from the 14th district that includes Tulare, Kern and Kings counties, who announced this week that he will be a candidate for reelection in this year's primary and general elections. Mr. Hagen, a Democrat, is completing his second term in congress. He will be opposed by Republican candidate, Myron Tisdell, Visalia business man.

PILOT ASSOCIATION WINS HIGH HONORS; AL WISE INSTALLED AS CLUB PRESIDENT

Porterville Area Pilots' association has been announced as winner of the Publicity award and the Chamber of Commerce Cooperation award of the National Safety Program for Flying clubs, according to an announcement from John Reynolds, manager of the Central Valley Empire association in Fresno.

The club, three years ago, was the first winner of the Hughes Aviation Safety award, and has now come back to win the two other national awards.

An announcement of the new recognition for the local pilots' group came at a meeting Tuesday evening, when Al Wise was in-

(Continued on Page 10)

Caldwell, Land Rated As Top Track Prospects

Porterville High School track gets under way this week as the Panthers get their first taste of live bait when they entertain Hanford Bullpups on the PUHS oval Friday afternoon.

The Panthers' only competition to date has been among themselves as they staged their annual intra-class meet last week. They appear to be coming along in good shape, and several of Coach Orv Gillette's prospects have shown good early season form.

The strong contenders of the Panther squad will be in the weight events where Jim Land in the discus and Don Caldwell in the shot put, are expected to be among the best in the valley this season.

College Golfers Not Giant Killers

Porterville College opened golf competition last week in a rather disastrous manner as the COS Giants routed the locals 7-1.

Tom Ludden was PC's lone scorer as the Giants completely swamped the inexperienced Pirates. To add insult to injury,

PIRATES DROP LEAGUE GAME

Coalinga JC's unbeaten Falcons blasted Porterville College's faltering Pirates 6-2 Friday afternoon on the Pirates' home field.

The Pirates lost their second league start as the Falcons' John Chavez threw three hit balls at the PC nine. Lefty Jim Idell went the distance for the locals and gave up 10 hits during his nine inning stint, the longest being a triple by Coalinga's Doug Burton in the ninth inning.

The Pirates were on the short end of a 6-0 count going into the bottom of the ninth when they broke loose for two runs to avert a shutout.

Friday the PC crew meets Allen Hancock College in a double header at Municipal Park.

LT. WESLEY MAAS IN PILOT TRAINING

Lt. Wesley R. Maas, son of Mr. and Mrs. W. A. Maas, recently graduated from primary pilot training at Graham air base in Florida and is now at Webb Air Force base in Texas, where he is taking his final 20 weeks of single engine jet training prior to receiving his pilot's wings.

Giant Coach Polly Wilhelmson downed Pirate coach Paul Juhl 74-88.

College Track Squad Opens Against Giants

Junior college track opens Saturday, as the PC thinclads travel to Visalia for a meet with the powerful COS Giants.

The Giants boast a talent-laden crew which is reportedly better than last year's league championship team. Top men for the Giants are Gene Hofer, a speedy middle distance man, and Randy Grant, a decathlon performer from New Jersey.

Outstanding prospects for the PC outfit is Ken Shannon, in the weights, and Bob Wiley in the sprints.

Delano Jinxes Panthers Again

Delano high's jinx held again last week as the Tigers downed the PUHS Panthers 8-6 on the loser's diamond.

The Panthers pounded the ball lustily as they picked up 11 hits during the afternoon, but lost the game on three costly errors. Sharp started on the hill for the locals but was replaced in the seventh by Teddy Barnett, who finished the game.

The Panthers' next appearance

The Farm Tribune

SPORTS

Edited By DAVIS HARP

PIRATES BEAT MARAUDERS FOR LEAGUE WIN

The Porterville Pirates notched their first win in the last six starts Tuesday afternoon as they waxed the invading Antelope Valley Marauders 14-7 at Municipal Park.

The Pirates put on their best hitting performance of the season as they jumped on Marauder hurlers for 10 hits to steamroll to their second win of the season.

Mike Anthony opened on the hill for the PC nine and was relieved by Manny Kouklis, who gave way to Jim Idell in the final three innings.

The Pirates meet the Allen Hancock College Bulldogs in Porterville Friday for a two game series.

will be in Visalia against the Redwood High Rangers in their Central Yosemite league opener.

PANTHERS OPEN LEAGUE PLAY AT VISALIA

Coach Bob Sevier's PUHS Panthers open Central Yosemite competition Friday as they travel to Visalia to meet the Redwood High Rangers in the first of an eight game league schedule.

The Panthers have experienced trouble in winning so far this season, as they have lost games to Delano and East Bakersfield. Veteran righthander Teddy Barnett will be Sevier's probable starter on the mound as the Panther mentor will attempt to grab an early league win.

The Panthers step out of league Saturday as the Kingsburg Vikings invade Porterville for a non-league tilt.

STOCKTON WHAPS COLLEGE PIRATES

Stockton JC's talented Mustangs hung it on the local Porterville Pirates twice Saturday as the locals lost the first game 12-0 and the night cap 14-5 in Stockton.

The PC outfit was handcuffed in the first game by the Mustangs' Martin, who pitched a two hit game against the Pirates in blanking them 12-0. The Mustangs pounded the offerings of PC's Mountie Bedford and Manny Kouklis for 13 hits.

In the nightcap the Pirates showed more hitting power as they picked up nine hits and five runs but the Mustangs more than matched it by socking out 14 hits and 10 runs at the expense of PC hurlers Dick Penrod and Kouklis.

Moore Announces

(Continued From Page One) state board of equalization that resulted in killing a mandate from the state board that sought to raise assessed valuation of Tulare county property by 23 per cent.

In recent weeks he has been active in working to secure assistance from various governmental agencies in repairing of flood damage in Tulare county, and he has been a leader in the drive for adequate flood control measures in the county.

Now serving his sixth year as board chairman, Mr. Moore has consistently worked for efficiency in county government, attempting to get a dollar's worth of value for every tax dollar spent.

He has always attempted to meet the problems of a rapidly developing area in a practical and economical manner.

"On a basis of the record", Mr. Moore states, "I will appreciate the support of voters of the first district in the coming June primary election."

ABUNDANCE OF CATTLE IN NATION

Reports from all sections of the nation indicate an abundance of cattle, according to H. C. Jackson, manager, California Farm Bureau Marketing association.

Switch to
Cooking
Perfection...
Electrically!

FOOD'S HOT—YOU'RE NOT. Your electric range will put an end to that old saw about "slaving over a hot stove." It puts the heat in the food... not in the kitchen. You can stay cool and comfortable while you're preparing delicious, piping hot meals to serve your family. You won't feel warm and wilted at dinner time.

Join the millions of homemakers who are switching to electric ranges this year. You don't have to be a prophet to know what's ahead for them. It is *easier* cooking—*better* cooking—electrically!

Get an electric range,
and cook the best way
every day!

FINS UR EATHERS

By Phil The Forester

Warm water fishing has definitely improved with wildlife field men reporting along these lines:

Kern county — Heavy fishing pressure on Isabella lake with good catches of catfish being made along with some bass and a few trout. Lots of fishermen working

over the Kern river where the Friant-Kern canal empties in with good luck. Fishing on the Kern river above KR #1 has been slow but some bass and catfish are being caught.

Kings county — Some crappie and a few black bass being taken from the Kings river.

FRESNO COUNTY — Quite a few catfish being taken from the slough at White's Bridge but not many bass. Mendota Waterfowl Management area open to public frogging. Millerton lake producing especially for the experienced angler. Pine Flat the present hot spot if the wind does not whip up as it did Sunday. Lots of small mouth bass being taken. Dry Creek reservoir providing really big bluegill and some bass up to two pounds. Catfish being taken from the Kings near Sanger.

Law enforcement officers would like to know who the vandals are that rip down the State signs along the Kings river that inform the public that fishing is prohibited from the Friant-Kern canal except during the regular trout season. These destroyers of public property cause innocent anglers unfamiliar with the area to be arrested for violating the fishing laws. As in all things like this, some day there will be an accounting. About a dozen arrests have been made in the area for fishing in closed waters during the last three weeks.

Madera county — Fishing has improved and bass have started to hit plugs.

Merced county — Frogs coming out of hibernation fast. Los Banos Game Refuge open to public frogging but froggers should check in at office first. Fair catches of catfish being made from the San Joaquin river near Gustine.

Stanislaus county — Lots of fishermen out. Catfishing on Dry Creek east of Waterford has improved with most anglers taking from four to eight fish. Black bass being taken from dredger pot holes.

Jack rabbit hunters can have fun this Sunday by meeting at the County Fire Station on J Street in Merced at 9:00 a.m., and joining the rabbit drive, but don't take rifles.

Sportsmen's Council of Central California meets in Porterville this weekend starting with a dinner Saturday night at the Elks club.

LOCAL REALTORS WIN HONORS

Robinson and Brittell, representing Strout Realty in Porterville, have been named to membership in the firm's Leadership Club for 1955; membership is limited to 25 representatives in the nation and based on sales volume.

State board of forestry will meet March 22 and 23 at Sacramento.

Poultrymen Plan Promotion

California Poultry and Hatchery Federation is the first organization in the nation to set up a definite plan to lend financial support to the promotion program of the Poultry and Egg National board.

The new federation plan, known as the "Voluntary Investment Check-Off Plan" is based on contribution by poultry producers of one cent per hundred chicks hatched and sold each month.

CATTLE ON FEED DROPS IN STATE

Inventories of commercial feed lots and small farm lots shows five per cent fewer cattle on feed in California, compared to last year, resulting from higher prices of feeder cattle and highly competitive prices for finished cattle.

KEN SHANNON, Porterville college's top discus prospect, talks things over with Sim Iness, college track coach and an Olympic Games discus winner. Ken will get his first test this season against the COS Giants, Saturday.

TIME OUT

In discussing the Olympics last week we neglected to mention one aspect of the old Greek games that would interest the members of the Amateur Athletic Union who just barred Wes Santee from '56 Olympic competition.

Back in the good old days in Greece when an athlete was an Olympic winner he was a great hero in his city-state and when he returned to his home town he was treated as such. In fact he was put on easy street in a manner that would shock AAU officials. The Greek Olympic winner was given a home and what amounted to free room and board so he could stay in shape and train for the next Olympics, and he had no worries as long as he continued to win in each Olympic game.

If they begrudged Santee his traveling expenses, they could clean out virtually the entire prospective Olympic team if they wanted to. Why Santee? He was just one of many, and also probably the best miler in America today.

We do not say that it is right for the amateur athletes to take under-the-table money, but if the A.A.U. is going to get religious in such a big hurry let them get it for everyone, not just a few who have gotten in their hair on various occasions.

Santee's case is an example of what can happen when a rule is not enforced all the time. The A.A.U. was content to let the expense rule lag until a certain A.A.U. official got riled at San-

POULTRY CONGRESS MEETS IN JUNE

...because
they went
to their doctors
in time

Many thousands of Americans are being cured of cancer every year. More and more people are going to their doctors in time. That is encouraging!

But the tragic fact, our doctors tell us, is that every third cancer death is a needless death...twice as many could be saved.

To learn how to head off cancer, call the American Cancer Society office nearest you or simply write to "Cancer" in care of your local Post Office.

Make water
go farther

with ARMCO Portable RAINMAKER

RAINMAKER owners report that they use as little as half the amount of water required by their former irrigation methods. Regardless of whether your land is flat or rolling, ARMCO Portable RAINMAKER makes your present water supply stretch farther because the water enters the soil the same as natural rainfall. Wasted run-off water is practically eliminated and your soil is protected from erosion.

As your authorized ARMCO Portable RAINMAKER dealer, we will gladly design a system to fit your water supply and irrigation requirements.

Champions

(Continued From Page 1)
professional New York Giant football team.

A special guest will be Bill Coffman, founder of and guiding light for the annual East-West Shrine football game, along with Sim Iness, Olympic games discus winner, who is now coaching at Porterville high school and college.

Sid Gillman, coach of the Los Angeles Rams, is attempting to arrange his schedule so that he can attend the banquet and representatives of the San Francisco 49ers will be present; basketball stars from UCLA will also attend if the national collegiate tournament in which they are competing does not conflict.

In Rube Samuelsen, persons attending the banquet will see one of the state's leading sports figures. Not only is he sports editor of the Pasadena Star-News and writer of a syndicated column, he is also a member of the Helms Athletic foundation board, president of the Football Writers of America, and author of the book, "The Rose Bowl Game."

One of his greatest honors was to serve as master of ceremonies in New York at the last testimonial luncheon honoring the great sports writer, the late Grantland Rice.

Visiting celebrities will participate in a golf tournament at the Porterville municipal course during the morning and afternoon of March 24; they will also be honored at a dance following the Banquet of Champions. Most of the visitors will bring their wives with them, with special entertainment to be provided for the visiting ladies.

Sports clinics will be conducted by the champion athletes for the benefit of young people of the community; the entire event is

CADET RIFLEMEN ARE REGIONAL MATCH WINNERS

The cadet rifle team representing Porterville high school has won the Region IV state rifle matches in competition with other schools from Tulare, Kings, Kern, Fresno, Madera and Merced counties.

Preliminary results released by Col. A. E. Tanner, supervisor of the cadet corps program for the state of California, showed Porterville won the 10-man Clausen match with a score of 4,984. Porterville with 2,607, was second behind Bakersfield with 2,633 in the five-man team O'Sullivan match competition.

In the individual standings for the Governor Warren trophy, Don Wood of Bakersfield had a total of 374 for a narrow lead over Duane Carroll of Porterville, who has a 372 score. George Roundtree of the Porterville corps won the state competition two years ago with a record score.

Other Porterville marksmen listed among the first 75 were Kenneth Kenoyer, 352, ninth; Truitt Burton, 350, 14th; Leland Anderson, 347, 16th; Burt Young, 344, 21st; Bruce Walsh, 339, 30th; Jackie Files, 334, 41st; Fred Peyron, 327, 53rd; David Robinson, 323, 64th. Cadets among the first 25 will receive Warren Match ribbons, Commandant Glenn Harper said.

TEXTILE PAINTING CLASS FOR ADULTS

An adult class in textile painting opened last Monday, for a series of eight meetings, in the art room at Bartlett school, room No. 32, under direction of the Porterville College evening school.

sponsored by the Porterville Quarterback club.

MORE SIGNATURES SOUGHT FOR DAM

Mac Williams is heading a Porterville junior chamber of commerce committee that will seek more signatures on petitions asking for construction of Success dam on the Tule river.

The completed petitions will be needed prior to March 25, since house and senate appropriation hearings in Washington are scheduled around the end of March.

Lobbying for appropriations for Success and Terminus dams will be Bill Alexander, Lower Tule River Flood Control association; Jack Chrisman, chairman of the joint Success-Terminus dam groups, James Abercrombie, Visalia attorney, and Alfred J. Elliott, former United States congressman.

BRIGHT FUTURE PREDICTED FOR TURKEY MARKET

A. L. (Sparky) Arnold of Madera, the new president of the California Turkey federation, succeeding Fred Shelton of Pomona, stated this week that the turkey industry undoubtedly has the brightest outlook of any agricultural commodity produced in the United States today.

Commenting on this Mr. Arnold stated, "Since the housewife is dietary conscious, turkey meat, having the highest protein content of any meat available in the market, she will certainly take advantage of this and choose this low cost protein meat more often. This consumer acceptance will be greatly accelerated by the cooperation of all the agencies of the turkey industry who must endeavor to provide the necessary tools for education of the homemaker."

WATER BILL HAVING TROUBLE

Legislation to establish a state water resources department is having a rough go in Sacramento, with the assembly version of the bill, as designed by Assemblyman Caspar Weinberger, San Francisco Republican, apparently acceptable in general terms but drawing many recommendations for changes from various water interests of the state.

BOND ELECTION MEETING SET FOR MARCH 20

Further planning of a proposed bond issue election to raise \$1,750,000 for work on the Porterville high school and college campus has been set for next Tuesday evening, March 20, 7:30 p.m., at school.

The meeting is for members of a citizen's committee, headed by John Guthrie, that will "carry the ball" in favor of the bonds.

A QUESTION HAS TWO SIDES

That there are two sides to every question — even the question of tideland oil in Long Beach — was recently indicated when Lawrence A. Collins, editorial writer for the Long Beach Press Telegram & Independent, told the Long Beach story at a meeting of the Porterville Rotary club.

Mr. Collins told his story well. We are not sufficiently informed to discuss the various issues, however, we are, and have been for some time, impressed by the magnitude of the situation.

For here sits the city of Long Beach with possibly the greatest oil and gas field in the west located in its harbor — an oil and gas field that represents millions of dollars in actual production and many more millions in potential production.

And where so many millions are involved, the temptation is tremendous for many and varied interests to seek a cut from those millions. The temptation is there for false publicity, money under the table to influence legislation, payoff for political favors.

And there is plenty of evidence to indicate that there has been action from this temptation.

Judging by Mr. Collins' comments, the city of Long Beach is not the big bad villain that some interests have said that it is. Actually, the city seems to have handled a difficult situation rather well and from where we sit, it would appear that state officials and Long Beach officials had better keep their wits about them, dealing honestly and in good faith with each other, or much of the vast wealth from state tidelands oil may well get away from both the city and state.

Mr. Collins appears to be well aware of this. Others in the state perhaps not so well aware.

But of this we are sure: when so much wealth is involved, persons entering into specific legal cases, or who support or oppose recommended legislation, should first find out where propaganda money is coming from and who stands to profit from any suggested plan or from any forced legal action, or in short, who is paying whom and why.

In multimillion dollar deals of this type, a considerable amount of skepticism, plus a thorough digging for motives, is usually a good approach.

Cauliflower movement is now in good volume from Watsonville, Santa Maria and Centerville.

High School Band Wins Superior Rating

Porterville high school band won a superior rating at the Central California instrumental music festival held Friday and Saturday in Dinuba; this is the second consecutive year that the band, directed by Buck Shaffer, has received the top rating. The band also received a superior rating in sight reading.

Sermon in Miniature

By Everett C. Schneider, Minister

The Evangelical United Brethren Church
511 Third Street, Porterville

THE CROSS POINTS DOWNWARD

Anything that points upward, like a wheat plant, must first of all be "planted". The roots of a healthy plant grow in well-fertilized and well-watered ground. Despite the ugliness of the "earth" it brings forth beautiful fruit.

No cross would ever have been raised for Jesus except for the cause of sin. Sin caused Jesus to die on a cross that was firmly "planted" in the earth. Some forget the earthliness of the cross when they make the cross merely an ornament for their bodies.

Jesus in answering the disciples about human suffering said, "Do

you think that these Galileans were worse sinners than all the other Galileans, because they suffered thus? I tell you, No; but unless you repent you will all likewise perish." (Luke 13:2-3 RSV.)

Unless we recognize the unworthiness and earthiness of ourselves, a thousand crosses cannot save us. The cross points downward to us, and where I stand, and where the rest of us stand, the cross points to repentance.

In that same chapter of Luke Jesus said that if a tree doesn't bear fruit "you can cut it down" (Vs. 9). The cross wasn't raised for Christ to die on without the Church producing good fruit. When the cross was "planted" on Calvary's hill it pointed downward with the fixed purpose that it might point men upward to Jesus Christ who takes away the sin of the world.

READY TO serve your needs in the air these men shown above, whose special weather in your home the year 'round. Le Cosby, Bill Boone, owner of Boone's Air frigeration, and Fred Carter.

BOONE DEFIES MARK BY BRINGING YEAR-A- SPRING INTO LOCAL

IN OPEN defiance to Mark Twain, who "everyone talks about the weather but no one does anything about it," Bill Boone, of 111 South H. street in Porterville, is bringing springtime in homes of the community.

OF COURSE Bill has the advantage of the General Electric Weathertron was created into homes and business buildings. Weathertron is fully automatic, they use only air and electric thermostat, you assure spring weather, all year long, the rain or the sun outside.

WEATHERTRON INSTALLATION in homes of the community (the cost during initial installation) and, of course, the system can be put into any home or building. And with Weathertron, you get year around comfort.

BILL HIMSELF got started in the air conditioning business after an 11-year hitch in the United States Navy, where he was a submarine tender, among other things, on submarine duty. And with Weathertron, you know your business.

THROUGH WORLD War II, Bill was on duty in the Pacific, and he had the unusual experience of being shot down during the battle of Midway. He means to have depth charges pounding the submarine.

AFTER GETTING out of the Navy in 1945, Bill, also working the Porterville area; he started Weathertron. About three years ago he started to specialize in air conditioning, since he felt that this was the most economical system for home use.

TWO ASSISTANTS, George Cosby and Fred Carter, both with a ground of experience in air conditioning and heating, to keep "sharp" on the subject, attend to the "schools" about every six weeks during the year.

SO FOR Year-Around Springtime, check it out right away, for until you do, you are denying yourself the pleasure of living.

Do you know the farms of our area?

THIS "MYSTERY FARM" SERIES IS A WEEKLY TRIBUNE FEATURE

Presenting this week — the new Mystery Farm series — an exclusive advertising feature of The Farm Tribune, in cooperation with 20 business firms of the community.

And every week, for the next six months, a Mystery Farm will be presented; it might be your farm, it might be the farm of one of your neighbors.

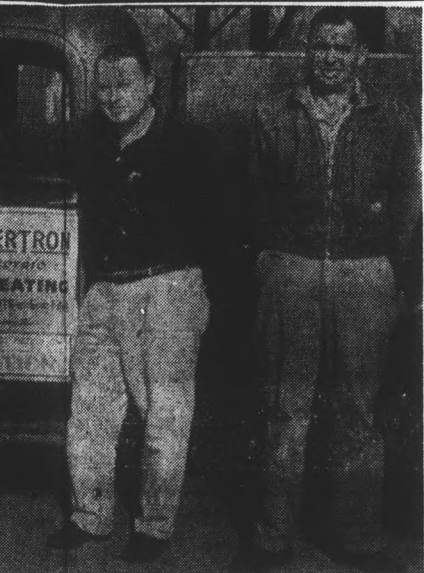

If it is your farm, you get a free 11x14 enlargement of the Mystery Farm photo simply by asking for it. This

week, the Mystery Farm photo will be waiting for the owner of the Mystery Farm at Boone's Refrigeration, 111 South H Street, at Olive, telephone 1364, in Porterville.

In future weeks, as new Mystery Farms appear, a brief story of the owner of the previous week's mystery farm will appear in this space. Watch for it each week.

And watch for the Mystery Farm. It might be your farm — it might be your neighbor's farm.

by these community-minded Porterville merchants

Edison Company Will Produce Power From Atom

Southern California Edison company will be the first utility in California to produce electricity from atomic energy.

The Edison company project is authorized by the Atomic Energy commission; it will be operated in cooperation with Atomics International, a division of North American Aviation Inc. Experimental reactor will be constructed near Santa Susana.

The Edison company will put more than a million dollars into the project. Electricity from the pioneer nuclear electric plant will be fed into lines for commercial use during the coming summer.

The project will not represent a major source of electrical energy, but rather will provide experience with nuclear reactors as a new source of energy.

Golden Anniversary Jubilee At Coalinga

Fifty years of progress will be observed when the city of Coalinga holds a Golden Anniversary Jubilee, April 3 through April 8. A special train will run to Coalinga from Fresno, to open the celebration; among entertainment features is a historical pageant, parade and pioneers barbecue.

We Only Heard

By BILL RODGERS

BEAUTIFUL INDEED is the new 65 highway section through the west side of Porterville, however, if you are confused by so many "avenues" on new road signs, just console yourself with the thought that someone thinks changing names means progress. In official state designation at intersections of the new 65, Henderson Road has become Henderson avenue; Morton street is Morton avenue; Olive street is Olive avenue. And that's because under the latest county road designation plan, east-west roads are not roads, but avenues; north-south roads are roads. This is, we are told, unofficial as yet, but no doubt will become official, however before this happens, a public hearing will be held on the changes of name . . . At present, main approach to Porterville, from this new stretch of road, is highway 190 — Poplar highway — at least at this turnoff the state has placed its largest "Porterville" directional signs. Someone — the city of Porterville or the chamber of commerce, should follow through with a nice big "business area" directional sign at the intersection of old highway 65 and highway 190 . . . And, in passing, we might mention that those citizens, who several years ago opposed the present location of the new 65, should drive along this highway and visualize, in their own minds, how it would look coming down Third street, or D street.

EXOTIC MIGHT be the word we've been looking for to describe some of the food that Ira and Rosita Marks now have at their Monache Sausage kitchen on Date street. For instance: Octopus, seasoned on skewer; Quail eggs, with salt added; natural snails, fried grasshoppers and French frog legs . . . We're not recommending any of these items, understand, we are simply mentioning that they are there. Personally, we'll stick to that good Monache Sausage, but Ira says sale of fried grasshoppers has, of late, been brisk . . . And in case you are not a connoisseur of snails, it might interest you to know that they come in cans, with shells attached in a transparent package. You put the snails back in the shells, cook them, then, we suppose, eat them, although you can use your own judgment about the disposition . . . As for Quail eggs, it is indicated, since they are salted, that they are also to be eaten, perhaps with a side order of Octopus; the frog legs, several to a can, can't compare with the drumsticks on our Tule river frogs, however, the French frogs have a reputation with the gourmet that the Tule river frog has not yet acquired, the Tule river still being considered frontier country by the

SPRINGVILLE NEWS

By Winnie Gage

Recent guests of Mr. and Mrs. George Sturm were Mr. and Mrs. Bill Groves of Compton, Mr. and Mrs. Jack McCormick and Mrs. Tennis Williams and children of Bakersfield, on Sunday. Mrs. Sturm and Mrs. Groves drove to Orange Cove to visit Mrs. Sturm's mother, Mrs. Lulu Dean and her sister and husband, Mr. and Mrs. "Chick" Speck.

Mr. and Mrs. W. A. Sanders entertained Mr. and Mrs. George Haig with a dinner in honor of their 46th wedding anniversary on Friday evening, March 9.

Mr. and Mrs. Bob Peterson and daughter, Pamela, of Porterville, visited his parents on Friday.

Mrs. Frank Negus visited Mr. and Mrs. Frank Hall in Tulare on Tuesday of this week.

Mr. and Mrs. Pete Pelascini and family of McFarland, Mr. and Mrs. Hughie Sheehan of Bakersfield, were Sunday guests of Mr. and Mrs. W. A. Sanders. The Pelascinis also visited their cousin, Mrs. Dell Raviscionio, who is a patient in the T. B. Sanitarium.

Mrs. Ruth Peterson returned home from Long Beach Friday accompanied by her sister and husband, Mr. and Mrs. Tom Fraser of Wilmington, who visited here over the weekend.

Mr. and Mrs. Dude Sutch entertained with a chicken dinner Monday evening, March 12, honoring Mr. and Mrs. George Haig on

epicure . . . Of course, there's no point to this disquisition other than to let you know that we live in a great big, wonderful world. There's just nothing, now-a-days, that you can't eat.

their 46th wedding anniversary. Others enjoying the evening of cards and TV were Messers and Mesdames W. A. Sanders, Frank Negus and Don Wymore.

The lovely decorated wedding cake centered the dining table.

Mr. and Mrs. Charles Henson were weekend guests of their daughter and husband, Mr. and Mrs. Earnest Rutherford of Sacramento and Mr. and Mrs. Austin Rutherford of Walker Pass were Saturday evening guests.

The Tule River Houndsmen Association met Friday night in Memorial building. Over 50 members were present and five new members joined.

The main topic of discussion was the California Golden Oaks State Championship field trial to be held in Gill arena on April 28 and 29.

Coffee and doughnuts were served by Mrs. Bernice Henson, Mrs. George Roberts, Mrs. Laura Wells and Mrs. Roy Torres. Next meeting is May 16.

Farm value of choice grade beef averaged nine cents a pound lower during the last quarter of 1955 than during the same period a year earlier, however, consumer prices were down only 3.5 cents.

REVIVAL SERVICE IN FINAL WEEK

Concluding services for the "Revival that Revives" were announced here today for Friday night and Sunday at the Evangelical United Brethren Church with guest speaker Rev. Harley F. Bailey.

On Friday night at 7:30 the topic will be "Where Are You Going?" and on Sunday the topics will be "Limiting God" and "The Unpardonable Sin" given at 11:00 and 7:30 o'clock respectively.

Outstanding music has been presented thus far. A duet treat was "discovered" last Tuesday with the presentation of a piano-organ medley by Rev. Bailey and Mrs. Eric Grant. Another of these will be heard Friday night. Different choirs will be heard each night, with the Galilean Sunday School class in the choir Friday night, the Senior Choir Sunday morning and the Youth Fellowship in the choir Sunday night.

Demand for stocker and feeder cattle has dropped somewhat in most areas of the nation; most inter-mountain movement now is for cattle coming to western states rather than to the east.

OUR TOWN

By Betty Pearson

Went out pushing spring on Sunday... Murry Park was overflowing with activity. The children were viewing the swimming pools longingly. Fires burned merrily in the pits and every table was graced with a delicious picnic dinner. The waterfall was gushing down the hill. All the trees were dressed in their new leaves and the birds were hopping back and forth with glee. Sure was a beautiful day. Saw many visitors from the hospital and was grateful for having such a nice place to share with them.

Let us form a group, choosing people with better than average artistic ability, to judge commercial signs before they are painted on the buildings that face the streets of Our Town. It is my opinion that most people possess a good degree of sense in color and design. They like, admire and enjoy beauty. If this be the case I would think it poor business to put signs on our buildings that are ugly and offensive. A business must have a sign to tell their name and what they do or sell. However, it costs no more to have a sign that does not make cold chills run down the back of the poor general public. Just a little more thought and consideration, please.

Rose and Gordon Jackson have moved into their new home. The property is lovely but, then it is in Terra Bella. The house is a split level construction. The vast area of glass looks over the foothills and citrus groves, giving a feeling of space and freedom. Saw Gordon deep in conference with a fellow columnist, John Daybell. This assures an artful exterior. When you talk to the Jacksons about their home you will hear the praises of Max Young, the contractor. Max is a first class builder of not only houses but barbecue carts, also. The cart he build Gordon does everything but eat the steak.

Saturday night Berkshires celebrated their fourth year as the place to get barbecue at its best. It was one terrific party. Everyone and everything looked most festive. The huge cake served two purposes as Ellen Jean Sheldon was celebrating her birthday... A new organ was installed and active. A very pretty and very small guest of Everett Howell's was having a wonderful time inspecting the big organ. Bill White was as busy as two people getting ready for the music broadcast, from KTIP, of course. It was a whopper of a crowd from Our Town and Your Town.

We did our best to hex Bob and

Benson, well-known orchardist of this city, is making his arrangements to market a new insecticide, which, it is claimed, is more efficient than any spray yet discovered and one which is fatal to all sorts of insect life.

Chlore - Napholeum is the trade name of the liquid which Mr. Benson has invented and which he has thoroughly tested out. The chief claim of the spray lies in the fact that it can be placed upon grapes or any of the deciduous trees and the fruit eaten immediately thereafter without danger of poisoning. In addition to being instantly fatal to the insects, it destroys the eggs at the same time.

The spray was eminently successful in tests against thrip in the Strathmore district.

Goshen now has one of the best appointed hotels of any town in the valley, and a general merchandise store, with large stocks and abundant financial backing. The large two-story building was constructed by P. T. Clark; the hotel has been named the Terminal. There is an ample water supply, a windmill being erected on a large tankhouse in the rear of the hotel. The building is lighted by a 100-light acetylene gas plant.

In Judge Hall's court this afternoon there is being heard the case of the state against Salzo Alva, a Mexican workman employed at the asphalt plant. Owen Hoover is appearing as the complaining witness. Hoover claims that Alva attempted to do great bodily injury to the complaining witness, using for the purpose, a wicked looking knife.

The board of supervisors has

Very special fare for parties, or for an afternoon treat, are ice cream clowns and lemonade. And they are so easy to prepare that you can serve them often.

Make the lemonade with frozen concentrate for lemonade. This pure California lemon juice, already mixed with sugar, comes in 6- and 12-ounce cans at your grocer's. Each 6-ounce can makes a quart of delicious lemonade.

For the clowns you will need cones, ice cream, little waffle ice cream cups (which are like the cones except flat, with cupped edges), a few gumdrops, and a package of chocolate bits. Place a round scoop of ice cream in each cuplet and top it with a cone for the hat. Put on faces with chocolate bits for the eyes and nose and a slice of gumdrop for the mouth.

Make the clowns with vanilla ice cream; or, for new flavor, with Lemonade Ice Cream made this easy way:

Lemonade Ice Cream
1 quart vanilla ice cream
1 (6-oz.) can frozen concentrate for lemonade

METHOD: Thaw the ice cream and the frozen concentrate for lemonade just slightly so that they will blend well. Mix the concentrate for lemonade into the ice cream and re-freeze in refrigerator tray until firm.

taken up the redistricting of the county by registration precinct. The law provides that not more than 200 registered voters shall inhabit one precinct. The enfranchisement of women has made the redistricting necessary, and it is estimated that half again as many voting precincts will be added at this time.

Dr. H. W. Oakley of this city was one of the principal speakers at a meeting of the Tulare County Medical association held in Lindsay last evening, giving the assembled medicos an address on merits and uses of adhesive plaster.

Red Cross Quota For Area Is Set At \$9,925

Mr. Edwin A. Fisher, chairman of 1956 Fund Campaign for the American Red Cross, reminds those within the Porterville Chapter that this year's quota is \$9,925. This amount includes all the special branches of service, water safety, first aid and all the help given to families of service men, counselling, filling out forms and messages, telephone or telegraph. Sixty to 80 cases a month are handled by the local chapter.

Other committee members helping in the current drive for funds and memberships are Myron Wilcox, business district; T. A. Alcox, business district; T. A. Alexander, residential; E. A. Fisher, rural; Mrs. Vernon Gill, Springfield; Mrs. R. R. Tyrrell, Terra Bella; Gordon Todd, Ducor; Everett Cloer, Poplar.

DDT RECOMMENDED FOR CUTWORMS, BEETLES

Control of cutworms and grape bud beetles that eat buds and early-developing foliage of grapevines, can be handled with DDT spray or dust.

stalled as new president of the association. Attending the meeting were: Clyde Boughton, CAA official from Bakersfield, who installed the new officers; Clyde P. Barnett, director of the California Aeronautics commission, who was guest speaker and Bill Drumm, field representative for the commission.

Other guests at the meeting, held at Club 65, were Allan Coates, manager, and Babe Hodgson, president of the Porterville chamber of commerce; Carl Miller, Tulare mayor, and Lester J. Hamilton, Porterville mayor, and Jim Ullrich, Porterville Junior Chamber.

From
**Daybell
Nursery**
By John

Gardeners are constantly running into new plant diseases and coming to the nursery for something to cause the insects a slow, painful death. This afternoon we were introduced to the latest of these diseases which is called Lamb Pox. This is a serious pest of ivy, but found occasionally on other plant material.

Fortunately Lamb Pox is a fairly localized condition occurring mostly around the homes of 4-H members. Early symptoms are well nibbled leaves and branches followed by the disappearance of the entire plant. Suggested remedies are high fences around the garden, or better yet, around the lambs. This disease should not be confused with Duck Pox which usually occurs on smaller plants costing sixty cents a dozen.

If you're not bothered by either of these you surely have aphids, mildew, scale, cut worms, snails, slugs, gophers, or some other vegetarian. These should be attacked now while they're still young and tender. Some of them become grandparents in a matter of minutes and each generation is harder than the last. Isotox, Orthorix, Malathion, Snarol and other special items are to be found in our insect delicatessen. Likewise, first-hand information on how to apply them. (We also sell shovels if you would rather dig them up and throw them away.) "E" Street, Porterville.
